PROCLAMATION 20-05 and RESCINDING 20-41, et seq.**

**20-41.13**

**Department of Licensing – License and Permit Renewal Extension**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by waiving and suspending specified laws; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, although the COVID-19 disease continues to persist as an ongoing and present threat in Washington State, the measures we have taken together as Washingtonians over the past 24 months, including the willingness of Washingtonians to take advantage of the remarkable, life-saving vaccines being administered throughout the state, have made a difference and have altered the course of the pandemic in fundamental ways; and

**WHEREAS**, although Department of Health statistics reflect the continued persistence of COVID-19 and support the continuation of the state of emergency, health experts and epidemiological modeling experts believe that as a state we have made adequate progress against COVID-19 to begin rescinding or modifying amendatory proclamations related to specific health issues; and

**WHEREAS**, in late February 2022, relevant Federal Motor Carrier Safety Act waivers expired and were not extended, and the Department of Licensing has reasonable capacity to serve its customers safely; and

**WHEREAS**, the Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and
