NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto exist in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, as described below.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.
I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

WHEREAS, many utilities have endeavored to adopt COVID-19 Customer Support Programs consistent with the attached guidance document, and they have posted information about their available programs on a public website. Additionally, the Utilities and Transportation Commission is taking steps to address COVID-19 Customer Support Programs for utilities under its jurisdiction. Further, several utilities have voluntarily extended commitments to suspend utility shut-offs for nonpayment.

ACCORDINGLY, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

1. Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
2. Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
3. Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
4. Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility’s COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on October 15, 2020, whichever comes first.

FURTHERMORE, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

ADDITIONALLY, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does
not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

MOREOVER, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 31st day of July, A.D., Two Thousand and Twenty at Olympia, Washington.
