WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by waiving and suspending specified laws; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

WHEREAS, on March 26, 2020, I issued Proclamation 20-31 waiving and suspending statutes relating to the administrative requirements to license child care providers and foster and adoptive parents and related programs administered by the Department of Child, Youth, and Families, to increase the availability of these services; and

WHEREAS, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-31, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged in subsequent sequentially numbered proclamations; and

WHEREAS, on January 15, 2021, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-31, et seq., were extended by Senate Concurrent Resolution 8402 until the termination of the state of emergency pursuant to RCW 43.06.210, or until rescinded, whichever occurs first; and

WHEREAS, although the COVID-19 disease continues to persist as an ongoing and present threat in Washington State, the measures we have taken together as Washingtonians over the past 24 months, including the willingness of Washingtonians to

take advantage of the remarkable, life-saving vaccines being administered throughout the state, have made a difference and have altered the course of the pandemic in fundamental ways; and

WHEREAS, although Department of Health statistics reflect the continued persistence of COVID-19 and support the continuation of the state of emergency, health experts and epidemiological modeling experts believe that as a state we have made adequate progress against COVID-19 to begin rescinding or modifying amendatory proclamations related to specific health issues; and

WHEREAS, the COVID-19-related barriers to fully complying with the suspended and waived statutes by this Proclamation have largely receded, providers need both notice and a reasonable amount of time to adjust to pre-COVID-19 procedures; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.
