WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person-to-person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

WHEREAS, RCW 9.94A.737(2)(b) currently requires elevation of all sixth and subsequent low level violations of community custody to high level violations, regardless of risk, necessitating arrest, a violation hearing, and sanction of up to 30-days of confinement, rather than an alternative sanction allowed for low level violations; and

WHEREAS, the COVID-19 pandemic has resulted in the requirement to practice safe distancing as described by the Centers for Disease Control and the Washington State Department of Health to avoid contracting the virus; and

WHEREAS, it is particularly difficult to accomplish the required distancing for individuals incarcerated in jails and correctional institutions, resulting in the need to avoid, where possible, the arrest and detention of individuals for low level violations of community custody that will increase the numbers of incarcerated individuals; and

WHEREAS, in 2020 the Washington State Legislature passed SHB 2417, which becomes effective June 11, 2020, and removes this requirement described above, which is too late to assist in the response to the current COVID-19 pandemic:
WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to waive or suspend specified statutes that prevent, hinder or delay necessary action in coping with the unprecedented demands being placed on our health care system by the COVID-19 pandemic and to prohibit certain activities to assist in relieving these demands on our health care system, and to help preserve and maintain life, health, property or the public peace by prohibiting insurance carriers from certain activities related to the use of telemedicine services by medical providers.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

FURTHERMORE, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with RCW 9.94A.737(2)(b) will prevent, hinder or delay necessary action in addressing the unprecedented demands of the COVID-19 pandemic by requiring the arrest and imprisonment of low level community custody offenders which will to result in reduced space in jails and correctional institutions, and is hereby waived and suspended until midnight on April 29, 2020.
Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 30th day of March, A.D., Two Thousand and Twenty at Olympia, Washington.
