

STATE OF WASHINGTON  
— OFFICE OF GOVERNOR JAY INSLEE —

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05 AND 20-83**

**20-83.3  
Restrictions on Travelers**

**Termination of Emergency Proclamation**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, on January 12, 2021, the CDC issued an order establishing new travel requirements for all air passengers coming to the United States, including U.S. citizens, which, among other things, requires that all passengers obtain a negative COVID-19 test result or documentation of recovery from COVID-19 before boarding a flight to the United States, and the order further requires that all travelers wear a face covering on planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States and in U.S. transportation hubs such as airports and stations; and

**WHEREAS**, in response to the spread of COVID-19, I issued emergency proclamations and advisories that addressed travelers; and

**WHEREAS**, COVID-19, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially among our most vulnerable populations; and

**WHEREAS**, although COVID-19 continues as an ongoing and present threat in Washington State, the measures we have taken together as Washingtonians over the past 31 months, including the willingness of most Washingtonians to take advantage of the remarkable, life-saving vaccines being administered throughout the state, have made a difference and have altered the course of the pandemic in fundamental ways; and

**WHEREAS**, while COVID-19 appears to be here to stay, recent advances in medicine, including the availability of bivalent COVID-19 boosters for people 5 years and older and vaccines for children 6 months and older, as well as treatments like antivirals, are reasons to be hopeful that we will have the tools to protect ourselves and communities from severe disease and death to the greatest extent possible; and

**WHEREAS**, although Department of Health statistics reflect the continued persistence of COVID-19 in the state, including continued hospitalizations and deaths due to COVID-19, health experts and epidemiological modeling experts believe that as a state we have made adequate progress against COVID-19 to end the state of emergency.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above noted situation and pursuant to Emergency Proclamation 20-05.1, and under Chapter 43.06 RCW, do hereby rescind and terminate Proclamation 20-83 et seq., effective October 31, 2022, at 11:59 PM.

Signed and sealed with the official seal of the state of Washington on this 28th day of October, A.D., Two Thousand and Twenty-Two at Olympia, Washington.
